Correspondence.

MOUNTAIN HOUSE, NEAR CAMP PORTAGE, N. Y. Sept. 30th, 1862.

Now and then a Crescent sent on its way by some kind hand finds us in our Eastern home where it is greeted with even more cordiality than when last it came damp and cool, from the hand of the printer, while all the Woodland City was in the chilling embrace of ice and deep January snows. We suppose Dame Nature has been opening her hand full of favors to all the sunny slopes and tree-crowned bluffs which so graciously receive them and return thanks in smiles of beauty. But how quickly and

"How gently fall the feet of Time
That step on flowers."

and perhaps already the gorgeous hues of autumn decay are mingling with summer smiles; though with us even the soft maple trees barely revealed the hectic flush, and all Nature has seemed trying to pass beyond the boundaries of summer.

The retreat from which we write is situated at least 3 00 above the Genesee flats, and is half way between the little town of Portage and camp P. and is gained from the former place by a carriage way winding a mile, half the way around a precipitous steep, which once attained gives a fine view of the wildest, most sublime scenery of the Empire State. But a few steps from the Mountain House is the Great Railway Bridge which has withstood for ten years the criticism which predicted terrible disaster as the result of its use. Spanning a chasm of 234 feet from the bed of the river to the rail which extends 800 feet from bank to bank. Certain it is, it would be fearful to meet death, plunging down the rocky abyss, on our way across it.

Writing of this reminds us of the death of a Rochester student, who, lured by the grand scenery and the Portage Group of Rocks which invite the geologist, came with Professor and classmates to spend last vacation. While bathing in the Genesee he became exhausted and sank at the base of a rocky steep. Just now we are wondering if Jeff. Davis ever stopped to give a look at these wilds of grandeur on his way to or from his summer Elysium on the banks of the Hudson. We think the sight might have broken the spell of the day dreams which only two years since he was indulging in the shadows of such sunbeam villas as no city on earth save New York can boast. The quiet elegance, the dreamy repose, the soft manners and finished tone of the dwellers in those almost princely halls, perhaps lulled him into the dream that, though like Italy abounding in luxuries and beauty, the North was destitue of that manly strength and bravery which will stand like rocks before the insolent beatings of his conscripts, whom perhaps he hoped ere this time to see sacking those sunbeam country-seats. What a sight would they and their contents be for the white serfs of the South. Though he was then, doubtless, estimating the strength of Northern malitia and the supplies of Northern arsenals which Floyd was actually moving to the South. Time has shown the traitor that he made a mistake somewhere in the consummation of his plans. But we linger with digressions too numerous for the time and pen of a tyro. All around are scenes that remind us that not far away the "conflict deepens" and the brave are rushing on to "victory or the grave." Even the very air seems laden with sadness from the pressure of the uplifted hand of this gigantic rebellion, though our eyes are spared the sight of the heart-sickening scenes of carnage.

Hundreds of conveyances pass on their way to Camp. Here goes the fine carriage rolled swiftly along by light footed prancers, and then comes the noisy, rickity wagon, drawn by way worn steeds, looking as if on their last mission; to convey dear ones to the place where they may hear the last adieus of father, son, husband or brother. Winding our way east and then north we descend with the many to Camp Portage by the only public way of approach to it. In the enclosure we find ourselves within a vast natural amphitheater whose enclosure is green sloping hills and we think at once that here nature set the boundaries for camp and marked the place for barracks. The sentinels track on the north runs along a steep bank overlooking the Genesee Valley Canal and from which gushes a spring of pure water, but the foliage of the opposite bank blends at a distance with that of the western slope, at whose base extends a long line of barracks looking out upon a parade ground as smooth and level as a prairie. Here we witnessed the martial wedding of the brave Lieut. Col. Thorp, who has received several wounds in our Country's defense. It was a scene of pleasing novelty blended with sadness which the regiment dispelled by their cheers which made the deep gorge ring again, during the salutation of the bride. Of course there was rejoicing around the hollow square for the promotion of Miss Major, which gave them gladly two Colonels in one. The 130th Reg. which left us three weeks since are now at Camp Thorp, Suffolk, Vir., and soon the 136th N. Y. V. will join them going from this pleasant place to the blood-stained fields of Rebeldom. Thus they come and go, only a wave in the precious tide of life which flows southward from every hill, valley and plain of the North. Must all the land of bondage be consecrated to Liberty by blood? With such questionings we leave Camp P., thinking our visit has been one of more interest than any we have made to other camps. A few rebel prisoners, however, would be objects of attraction and curiosity. G. E. M.

APPLETON, OCT. 18. 1862.

RESOLVED, That the Convention, in presenting the nominees thereof to the people of Outagamie County for their support at the ensuing election, do so on the express platform and declaration of the Democratic party, that we are for the Union and the Constitution—the Constitution as first, Union as it was; that we support the present Federal Administration in a vigorous prosecuting of the present war, until all traitors are subdued and the flag of the Union, once more the standard sheet, waving in peace over every State.

RESOLVED, That in the opinion of this Convention the County Board of Supervisors ought to take immediate steps toward paying to all volunteers, from this county, under the late call, the bounty of Fifty Dollars.—*Platform of Outagamie Democracy.*

Our Nominees.

The county ticket placed in nomination by the united voice of the Democracy of Outagamie, together with its national platform of broad principles, in Convention assembled on Saturday last, will be found at the head of our editorial column.

In stating that it gives us unfeigned pleasure to raise this ticket and give it our hearty, enthusiastic support, does but feebly express our feelings and also the general tone of expression among the people of Outagamie county. There is but one sentiment among the Democrats; that is a determination to rally to a man, and ELECT THE TICKET! As a whole it is acknowledged by every one unprejudiced to be one of the best tickets ever placed in nomination by the Democracy of Outagamie county. It will not only unite the entire democracy in its support, but will be supported by very many of the honest Republicans, who are determined to vote for the *best men.* In this respect, *we challenge a comparison.*

The past feuds and bickerings that for a time threatened the peace and harmony of the Democratic party of this county, have been buried in oblivion. The opposition have made all they ever will over our dissentions. The future is bright with certain victory. Democrats, do your duty, and give your ticket an unexampled majority. We have but room to mention the nominees with brief remarks.

Our candidate for Assembly, Dr. BYRON DOUGLAS, is well known to the people as an able, thorough business man, always ready with his time and means to promote the interests of Outagamie county. No man has been more active or efficient in promoting enlistments. He will be just the man to represent us in the Legislature. His election is certain, by a large majority.

For Sheriff, the Democrats placed before the people EDWARD MURPHY, an honest, industrious Irishman, of the town of Freedom. We know of no reason why he will not make an efficient Sheriff. He will be elected. He received a very flattering vote at the Convention.

For Clerk of the Court, JOHN W. CARHART, JR., is well known to be qualified for that position. He went off to the war a year and a half ago and returned a broken down man—is at present compelled to hobble around on crutches. If any man on the ticket deserves to be elected, he is that one. Let him receive your warm support.

For District Att'y, EM. B. CLARK is a young man, comparatively a stranger among us, yet is well enough known for us to assure the voters that he is qualified to act as our District Att'y. It is important that this officer should be posted, to guard our legal interests. Vote for Mr. Clark.

The County Treasurership has been placed in good hands. That is the nomination we mean, which is virtually the election. A. BROUILLARD is a Frenchman of the town of Grand Chute, possessing first rate abilities having a thorough business education, who gave the best of satisfaction as Sheriff of this county. He is strictly temperate in his habits, intelligent and affable in his business intercourse, and is alike popular with both parties. This is regarded by everyone as one of the most fortunate nominations on the ticket. He will be triumphantly elected.

For Clerk of the Board, CHARLES GRUNERT received the endorsement of the Convention, as he will also the votes of the people at the ballot box. He is an intelligent well educated German of the town of Ellington, writes a plain, beautiful hand, eminently qualifying him for this position. He is a sober, straight-forward man, who will do honor to the trust reposed in him. Democrats, honest Republicans, give him your hearty support.

Mr. JOHN STEPHENS has been wisely chosen as County Surveyor, having the practical experience requisite to entitle him to give the best satisfaction in that business. We are pleased at his nomination. He can't be defeated.

For Coroner, one of the *might* be most important offices in the County, STEPHEN BALLIET was unanimously nominated. Hurra for Stephen!

There Democrats, is a ticket you may well be proud of. Although some aspirants may have been disappointed, in not receiving nominations, yet as good Democrats we should all harmoniously unite in the support of the men placed in nomination. And we are pleased to see the unanimity with which the party receives the nominations. Now go to work from the present time to election day, and help elect the ticket. Don't be fooled by false seducer's promises or bribes to swerve aside—pay no attention to stories trumped up for the occasion to damage our candidates, but rally with a united front in a vigorous support of the ticket, and the counted votes will ensure us honest, respectable officers, of whom Outagamie County never need blush.

The Republican County Convention.

Agreeably to previous call, the Republicans on Wednesday last met at the National Hotel to go through the burlesque of nominations for county officers. After the preliminaries of organization (including the report of the committee on credentials), they took a recess of half an hour, to consult with and invite ALL Democrats so disposed to co operate with them in making "Union" nominations. The only Democrats present were James Gilmore and ourself. Not a word was said to us in reference to joining the assemblage—not a man among the delegates left the hotel "to consult with the Democrats," except Mr. Simpson, who went up town *and did not return at all!* The convention called to order. A vote was carried to admit James Gilmore as delegate from the 3d ward—with power to cast three votes. The "Union" consisted of the regular Republican delegates, with the addition of Gilmore. The usual "catch," inviting all men, without reference to past political distinctions, to support this new incubation of Republicanism, was voted. This was a coaxer to bamboozle gudgeons. Gilmore was not seduced by that, as will be observed by the ticket! We informed a delegate before the convention met that Mr. Gilmore didn't been hanging around some prominent Republicans the past few days for nothing, provided he was true to his former principles, i. e. "the loaves and fishes."

The "Union," which consisted of 23 Republicans and one disappointed Democrat, then hatched the following egg:

Assembly—W. H. P. Bogan;
Sheriff—George W. Lawe;
Clerk Board—James Gilmore;
" *Court*—C. A. Hamer;
Treasurer—Matthias Werner;
Dist Att'y—Samuel Boyd;
Surveyor—John Stephens;
Coroner—Stephen Balliet.

Mr. Bogan's name we understand was used without his consent. Messrs. Stephens and Balliet are the regular Democratic nominees. Of Gilmore we shall merely use the words of a member of this convention: "He has been hobbling on to the door knob of the County Building with one hand, and beckoning to the people with the other, ever since I came to the county." Mr. Lawe is qualified for the Sheriffalty, but will be scooped. Mr. Hamer has been Clerk of the Court for four years, but the people are satisfied there are better men, and will go for Carhart. Mr. Werner has had the most lucrative position in the gift of Outagamie county, but has done nothing for the war cause. His defeat is certain. Samuel Boyd is a young man of meagre legal attainments, and will be laid aside until age and experience commend him to the public. Two spoonfuls to a dose: how much will you have?

To the Electors of Outagamie County.

Having learned that at a so called Union Convention held at the National Hotel, city of Appleton, October 15th, 1862, my name was put in nomination for the office of Member of the Assembly, from this Assembly district, I take this, my earliest opportunity, to announce to the electors of said district, that I respectfully decline said nomination. While I can but be grateful to those personal friends who have used my name in this connection, and while I return my thanks for their kind partiality, I must insist that at this time I could not consent to the use of my name for said office. It was well understood that I had declined to be a candidate in the Democratic Convention, because I found it utterly impossible to leave home, provided I should have been elected, this winter.

The Democratic Convention nominated with great harmony and unanimity my friend, Dr. BYRON DOUGLAS, whom I heartily and cheerfully support, for the office in question; endorsing Dr. DOUGLAS' personal and political character, his high services and sacrifices of time and money for the past months in aiding enlistments from this county to help swell our army in the field who are battling so nobly for Constitutional Government and an entire Union. I hope and trust he will receive all the votes of my personal and political friends, as he will my vote and warmest support.

Oct. 18th, 1862. W. H. P. BOGAN.

Those who are personally acquainted with Judge Wheeler, our Congressional nominee, are universally giving him their support. We have cheering tidings from all sections of the district. Poor Browne grows more unpopular as election approaches! Abolitionism is at a discount in this district, and the People are having their eyes opened to its corruption, public plunder and bad statesmanship generally. Give us conservative men! is the watch word of the masses. Mr. Wheeler is known to be honest, capable, conservative and honorable. An old war Democrat of '74 tells us "that he has known Mr. Wheeler for fifteen years, and in that time he has never been guilty of a dishonest or dishonorable act, either in public or private life!" Glorious man! He will be our Representative. Let the ball roll on!

Alden S. Sanborn, formerly of Outagamie, has been re-nominated by the Democracy of the 3d district in Dane county. Mr S is an able man.

GLORIOUS VICTORY!

The Union and the Constitution O. K!

Where, oh! where am Robolition?
Where, oh! where am Horrors Greeley?
Poor old Grow and our horse Andrew?
Far from the promised land!

THE PEOPLE ARE AWAKENING!!!

JOHN BROWN HAS GOT THRO' MARCHING!!

The elections on Tuesday last resulted in a huge Democratic victory! Indiana has gone Democratic 15,000 to 20,000, and 12 Congressmen sure; 3 in doubt; 4 Repub. Ohio 15,000 Democratic maj. in the State, and heaps of Congressmen. Pennsylvania tremendous gains for Democracy. Iowa comes in for her share! There is a God in Israel! Democrats, Conservatives, stand firm to your guns! Give your energies to the work of sending unconditional Union-loving and Constitution-abiding Democrats to Congress! Our Country "expects every man to do his duty." The tide is turning! Hallelujah!

Congressional Candidates.

All the congressional candidates for this State are now in the field, and are as follows:

REPUBLICAN.	DEMOCRATIC
1. John F. Potter.	James S. Brown.
2 Dhamer C Sloan.	Joshua J Guppy.
3. Amasa Cobb.	P. B Sanderson.
4. Edward S Bragg.	Chas A Eldredge.
5. E L Browne	Ez a Wheeler.
6 Luther Hanchett.	T. B Stoddard.

Messrs Potter and Hanchett are members of the present Congress. Mr Stoddard is the nominee of a Union Democratic convention. Bragg is a Democrat nominated by abolitionists. Hanchett and Cobb are conservative Republicans. Potter, Sloan, and Browne are radical Republicans, or abolitionists. Guppy, Cobb, and Bragg are Colonels in the army.—*Booth's Life*

Booth, with all his sins, is a consistent Republican, and talks what he and his party means. He calls Browne a "radical republican or abolitionist"! Men of the 5th district, do you wish to send a fire eater, and mouth to represent you in the Councils of our Nation, in times like these? Judge Wheeler is an honest, capable conservative man: he is not a political demagogue! Give your strength to a man of sound judgment and national ideas!

Hon. E. L Browne, who is bound to be defeated for Congress by Hon E. Wheeler, in order to a brief, friendly call last Thursday. Mr. Browne is a sociable, clever man, resembling in appearance Mr John Moody formerly of this place. We presume Mr Browne thinks that as the Republicans have put him on the course, it is necessary to make some sort of an effort, if for nothing more than keeping up appearances. Of course he can't expect to be elected. That's an impossibility.

The Oshkosh Courier supports the nomination of Judge Wheeler. We are glad to see this evidence of returning reason. Will not the Republican State Press mention this fact? They were very active in noting the position of the Courier in reference to Mr. Fitzgerald!

DISSOLUTION.—We notice that the firm of Smith and Solomon Attorneys of Milwaukie has been dissolved by *amicable* consent, Solomon the Governor, appoints Smith the lawyer, Attorney General. This 'was to strengthen our side,' eh?

Homestead Humbug Grow of Pennsylvania, is beaten by a seathing majority and a true Democrat elected. Mr. Grow was Speaker of the last House.

THE REBELLION.

One of the most daring feats of the war was made by the rebels (1,000 strong), under Stewart, on the 11th inst., at Chambersburg, Pa. Owing to the low water the Potomac is fordable at several points, and they impudently made this raid, probably for plunder. The place was quietly surrendered; the enemy respecting private property. They took 500 horses; destroyed railway works, &c., to the am't of $40,000, and spreading desolation on their way; by forced marches—one of 92 miles in 25 hours!—returned into Va.

The battle of Perryville, of which we spoke in our last, turns out to be a very severe, and at the same time, a brilliant affair. The 1st, 10th, 21st and 24th Wis. reg't were engaged, and suffered heavy loss. The losses are as follows: 1st, 58 killed, 127 wounded, 13 missing; 21st, 35 killed, 98 w, and 54 m; 24th, 4 killed; 10th, severe loss. Maj Johnson, 10th, Maj Schmeicker, 21st, Lieut Mitchell, C, 21st, Capt. Bentley, H, 21st, Lieut. Kirkland, do, all killed. Also wounded in the 21st—Col. Sweet, shoulder; Capt. Gibbs, E, mortally; Lieut. Artenfieldt, E, arm; Lieut. Sweet, I, foot; Lieut. Watkins, G, hip.

Wounded—Co. D, Appleton—Serg't H. B. WILLIAMS, chest; C. W. CARR, foot; W. MORSE, leg; M. HASKINS, arm, Ord'ly C. L. FAY, arm; R. BAKER, killed; R. W. Webb, head and leg; Simpson, leg amputated.

Co. I, Menasha.—Serg't Bradish in hip; Dunn, leg; Zeim, hip; Lock, hip; Busho, side.

A large list of the casualties are yet to arrive, and we hope to give further particulars. All Wisconsin boys did nobly, and the 21st and 1st won the honors.

The enemy was estimated at 75,000. Our forces numbered 50,000. We repulsed them, after severe hand to hand conflicts, charges and artillery onslaughts, at every point. Our total losses are 600 killed, 2,300 wounded, and 440 prisoners. Rebel loss, 1 300 killed, including 1 Gen'l, 14 Colonels and Lieut. Col's.

Rosecrans' victory at Corinth was grand. He was, however, prevented by Grant from following it to perfection by capturing their whole force. We have 2 000 prisoners, including 100 officers. Besides the wounded, 1,000 rebels were killed. Our loss was 350 killed and 1,200 wounded. Rebels admit a loss of 5,000.

Dr A P. Flakeslee is the Democratic candidate for Assemblyman in the La Crosse district.

Gov Salomon obtained from the Government while his recent visit to Washington 100 000 dollars, on the indebtedness to this State, and 2 000 muskets to defend the frontier.

The last number of the Lake Superior News says that the work of surveying a route for a railroad from Bay de Noquet to Marquette, has been commenced. This is to be an extension of the C. & N W R., running by way of Green Bay to Bay de Noquet, and thence to Marquette.

Illinois has escaped the draft and Indiana and to spare. Neither Sherman approached his. Neither State we believe has escaped the draft. Maine was announced to have escaped it, but that was mistake. Massachusetts is nearly twenty thousand behind her quota.

REVOLUTION IN OHIO.—As a specimen of the magnificent revolution in Ohio, we give the reported democratic gains in several counties: Hamilton, 4,700 democratic majority, 3 400 gain; Holmes, 1 700 democratic majority, 800 gain; Seneca, 1 000 democratic majority, 1,200 gain; Crawford 1,350 Democratic majority, 700 gain; Stark, 1 000 democratic majority, 800 gain; Ross, 800 democratic majority, 800 gain; Madison, 150 democratic majority, 1 200 gain; Clarmont, 1,000 democratic majority, 800 gain; Montgomery, 4 500 democratic majority, 1 250 gain; Clinton, 300 abolition majority, 300 democratic gain; And so on throughout the state.

KEEP IT BEFOR THE PEOPLE! That after the state has been paying its volunteers the modest sum of $5 00 per month, the republican senate voted to reduce the amount to $3,00!

FOR CONGRESS.—Five Democratic Congressional Conventions which met at Oshkosh on the 7 h inst, unanimously and by acclamation nominated Judge EZRA WHEELER, as the most suitable man to represent this (the 5th) Congressional district in Congress, in place of JOHN FITZGERALD declined. Judge W. is a man of sound and noted ability, is honest and capable and is the man for the times. He has the respect and confidence of all who know him and will undoubtedly be elected by a very large majority. He will receive the support of a large share of the Republicans in Marquette and the adjoining Counties where he is best known.—*Green Bay Advocate.*

The Madison *Journal*, of the 3 inst., says: "It has been a matter of some doubt whether there is to be a draft in this State or not. We are authorized, from the Executive Department, to state that there will certainly be a draft to make up at least three regiments and that it will take place as soon as the necessary papers can be prepared for that purpose. It is hoped arrangements will be perfected so as to make the draft by about the 20th of this month."

New York, Oct. 13 h.

There is an immense Democratic meeting to night, at the Cooper Institute, presided over by Horace F. Clark, assisted by Washington Hunt and others. Speeches were made by Horatio Seymour, John Van Buren and Richard O'Gorman. A large number of outside meetings were also held, and it was estimated that 50,000 men were present.

There has been a huge amount of "disloyal practices" in Ohio and Indiana last Tuesday. If the republicans tell the truth something over half the people in each state are guilty. Fort Lafayette, to accommodate them all, will need extensive enlargement.—*Mil. News.*

Winfield Smith, Republican of Milwaukee, is appointed Att'y Gen vice James Howe resigned.

Independent Candidate
FOR
District Attorney,
W. S. WARNER.

A Card to the Public.

I would say to my friends and the voters of Outagamie county, that I am not only eligible to the office of District Attorney, but am an elector of the State of Wisconsin (not having lost my residence therein), and that I shall, no doubt cast a vote at the coming election for regular nominees on the Democratic ticket. Respectfully,
EM. B. CLARK.

FOR THE PREVENTION AND CURE OF
Consumption, Asthma, Chronic Bronchitis, Nervous Prostration, General Debility, Dyspepsia, Scrofula, Marasmus, Loss of Appetite, Neuralgia, Female Complaints and all Disorders of the Nervous and Blood Systems.

This Remedy has obtained a great reputation for most extraordinary cures in all stages of Consumption. It is recommended by many thousand Physicians in the U. S. and Europe.

The Hypophosphites have a two-fold and specific action, on the one hand, increasing the principle vital force, the nervous energy, and on the other, the most powerful blood agents known. In cases of Nervous Debility, or Prostration of the Vital Powers from any cause, this Remedy has no superior.

"Winchester's Genuine Preparation" is the only reliable form of the Hypophosphites made after the Original Formula of Dr. Churchill.

"A FAIR TRIAL IS A CERTAIN CURE."

Prices—In 7 oz Bottles $1, six bottles $5, in 16 oz bottles $2; three for $5. Sent by express free. Sold by all respectable druggists, and at the Sole General Depot in the U. S., by
J. Winchester, 36 John St., N. Y.

A SPECIFIC REMEDY FOR
Spermatorrhœa, or Seminal Weakness, and General Debility in either sex.

This Remedy the terrible consequence of which are too well known to require more than a barest allusion to them, is one of the most insidious, and therefore dangerous of all the long catalogue of human ills. It saps the very springs of life, rapidly undermines the constitution, and renders the unhappy victim unfit for society, and a premature grave! From one to six bottles of the Specific Pill are generally sufficient to effect a permanent cure in the most aggravated cases, whether Constitutional, or arising from Abuse or Excesses.

MEDICAL TESTIMONY.

"We believe it to be in the treatment of Spermatorrhœa, as near a Specific as any medicine can be." B. Keith, M. D. Am. Jour. of Med. Sci.

"I have found them all that could be desired. Their effect has been truly wonderful. I used them in a case of Seminal Gleet of long standing which it has been under treatment for years. I think three boxes will complete the cure."—E. P. Dicker, M. D.

"This is not a Homœopathic remedy, nor is there any mercury or other deleterious ingredient combined with it.

Price—$1 per box. Six boxes for $5, by mail, prepaid. For sale by all respectable druggists, and at the Sole General Depot in the U. S., by
J. Winchester, 36 John St., N. Y.

THE Annual Meeting of the Outagamie Agricultural Society will be held at the Court House, in the city of Appleton, on Tuesday, the 11th day of November next, for the election of officers for the ensuing year and the transaction of such other business as may come before the meeting. Appleton, Oct. 16th, 1862.

W. H. P. BOGAN, *Pres't.*
B. DOUGLAS, *Sec'y.*

THE afternoon services of the Baptist Church will be held hereafter at 2 o'clock.

"SOZODONT" at Smith's Bookstore.

FRANK BERNARD has opened a provision store at his old furniture stand.

SECESH.—The wild geese are seceding! Large numbers have gone South via Appleton the past few days.

WHY is that sidewalk on Meade Street, suffered to remain in its present unfinished state? Come, gents, we are after you!

REV. JOSEPH ANDERSON will preach a sermon on the death of W. E. Spencer, Sunday morning at the M. E. Church.

THERE has been a perfect rush of teams thronging our place during the past week. Wheat and other farm products are now commanding good rates.

LARGE COLLECTION.—A few Sabbaths since a Missionary Collection was taken in the M. E. Church in this city. When $38 50 was contributed!

RARE CHANCE.—There is to be an Auction sale of the personal property belonging to the e tate of the late Frederick Packard, on Tuesday morning next, at the premises. There is valuable property to be sold.

LAWRENCE UNIVERSITY can now boast of nearly 150 students, and the number is still increasing. No better Educational advantages, or more able cultivation of the mind, can be found in any Western State.

GENEROUS.—Messrs. Wells & French recently sent a letter to Mrs. S. P. Ming, containing $20 to pay the funeral expenses of her son, who was accidentally killed on the railroad.

THREE SOLDIERS belonging to Captain Wood's Co., deserted from camp at Oshkosh last week. We haven't their names, or we should be happy to hand them down to posterity. Shame on their manhood!

THE Green Bay Advocate says Col. Edgarton of this place, has leased and will open the U. S. Hotel, as soon as the same can be repaired. We are sorry to lose the Col., and congratulated the Bayites on this whole souled accession.

SWORD PRESENTATION.—The honest farmers of the town of Dale, in this county, raised $131 in a few hours, to purchase a sword for Lieut. Wm. Young of Co. I, 32d regiment. A fine gift to a splendid and brave man.

WE have seen some few fields of winter wheat which looked exceedingly thrifty. No better wheat can be produced than in Outagamie. It is more reliable than a spring crop and always commands more profitable prices.

THE weather has become less aquatic and subsided into frosty mornings and cool days. The forests are being bereft of their foliage, and the falling leaves are painting the earth with the garments of Autumn. Where is our Indian Summer!

OUR STREET COMMISSIONER Mr. Bates is fulfilling our expectations in the manner he takes hold of his business. That ocean of mud on the Avenue is being removed, and that *mud hole* near Fay & Humphrey's store has about disappeared. Good enough for a beginning.

THE death of Richard Baker of Grand Chute, is another mournful event in the history of this war. He was killed at Perryville. He came to Outagamie in its early days; endured the privations consequent on early settlement; by frugality amassed a comfortable home; was honest and respected. We drop a tear o'er his grave.

GRAND SOCIAL BANQUET.—There will be a grand social party in A kins' Hall on Tuesday evening next. An Oyster Supper will be prepared, after partaking of which, the "light fantastic toe" will be the order of the evening. Everything will be arranged for the convenience and happiness of the company. Tickets $1 per couple.

SAD!—We learn by letter received from James Wolcott, that PARK B. ELLIOTT of Co. 10th Wis., and WM. WHICHER of the same reg't, were killed in the battle of Perryville. Whicher was a young man from Hortonville. PARK BENJAMIN ELLIOTT, was a son of Hon. G. W. Elliott of Ahnapee, Kewaunee County; learned the printing trade in this office and was a first class typo; was in his 19th year: a young man of superior talents and indomitable energy: had a fine sense of the beautiful and good; had an untarnished character for honesty and worth; enlisted from a sense of duty: and has thus early, thus promising, thus ambitious, thus nobly, fallen a victim to this horrible war. A community, who thought of him only as a son and brother, mourns his loss. We feel the sad blow around the family sanctuary, where we learned to love the brave boy! He was one of four sons a doting parent has devoted to his Country! We shall always remember *our* boy, PARK, with holy pride. He was shot in the head and body and was instantly killed.

THE loyal, big-hearted ladies of Appleton are doing all in their power to alleviate the sufferings of our sick and wounded troops. Let them be encouraged and assisted by the sterner sex. The work cannot all be done by women. Lend a helping hand, men of Outagamie! God will bless the act, and your sons and brother in camp will be stimulated to nobler deeds by your kindness, by your forethought for their comfort, and necessities.

PROVOKING MISTAKE.—In setting up the type for the Premium List of our Agricultural Society, last week, by some means, of course unintentional, two classes, "L and M," were entirely left out. As the classes comprised some of the most important articles on exhibition, the error is the more provoking. Therefore we republish the premium list this week with the corrections made.

ROBIE D. MARSTON, late of this city, died of yellow fever at Roanoke Island N. C., very recently. He was married in July last; enlisted in the Naval service immediately thereafter; and is now no more. Sadness reigns in the house; the gloomy curtain of death has fallen over peaceful homes; parents and wife, sisters and brothers, friends and neighbors, all, are sorrow-stricken. Robie was a good, kind and true, young man.

IMPROVEMENTS.—We predict that there has been more money invested in substantial improvements in Appleton this past summer, than in any other town of three our population in the State. Dwellings unnumbered; shops and business houses; additions and extensions; bridges, roads, streets and sidewalks, have been constructed. Besides all these, our water power has not been neglected. We have no occasion to think the day of progress is coming to an end. All honor to honest thrift and well directed advancement.

ABSTRACT PROCEEDINGS of Annual Meeting of School Dis't No. 2, Appleton. Alvin Foster was called to the chair. A ballot was taken for Clerk as follows: whole No. votes cast 35; of which Anson Ballard received 33, and was declared elected. Treasurer's Report was read and referred to a Committee of three with instructions to report immediately. Voted to buy 22 cords of 4 ft., hard body seasoned wood, to be delivered 10 cords by Nov. 15, and 12 cords by Jan'y 15—and the same to be let to lowest bidder. Wm. Rork was awarded said contract at $33. Com. on Treasurer's Report recommended the adoption of same and that the order be cancelled—$1,149 74 were burned. Messrs Doe, Bateau and Cooley were appointed a Com. to visit the school each quarter and report at the next Annual Meeting. A tax of $650 was unanimously voted as follows: Deficiency of last year $126, Insurance $30; Fuel $73; Teacher's wages $411; Incidentals $50.

THE Supreme Court of the State of New York have issued a perpetual injunction against Eaton and Jenkins for counterfeiting Ayer's Cathartic Pills holding them responsible for the cruel imposition in what they have done and restrain them from further like injury to the public. If any class of one people more than another needs the interposition of law to shield them from imposition, it is the sick and suffering who who are unable to protect themselves. A remedy so universally employed as Ayer's Pills by all classes, both to cure and prevent disease, should as it does, have every security the law can afford it, from counterfeit and imitation.—[Cabinet, Schenectady.

REWARD.

Whereas the practice of Crediting having become obsolete with Eastern Jobbers it becomes necessary for the Retailer, for divers reasons, to follow their example,

Self Preservation,

The first law of nature requires it in times like the present, and I predict that one-half the Merchants who continue to do business in the old way will be laid upon the shelf within one year from date.

Therefore, be it enacted, that from and after the *First day of January*, 1862, the

Crediting Practice

will be suspended by the subscriber, and when relieved from this incumbrance it will be a saving of 10 per ct. to the purchaser and also to the vendee for the loss of interest and bad debts will amount to more than that sum. If every man will buy only what he can pay for, he may be compelled to practice self-denial which may in the end save him from bankruptcy and others from loss on his account.

He only is independent who can pay for what he buys, or deny himself of it, whether a necessary or luxury. Foreign and domestic goods have each taken in exorbitant advance, with the prospect of a still further advance, and it becomes every family to practice economy at least in the luxuries of life. John Bull is now threatening to invade our nation in which case Sugar, Tea and Coffee will become scarce and high, and for these luxuries we should contrive to use a substitute.

I have fixed upon the beginning of the New Year to suspend all crediting and shall also require all persons to settle up all balances in CASH, or some other way that will be satisfactory.

It is too hard to pay cost therefore I give notice through the Crescent, that all persons interested may take notice and govern themselves accordingly. My ledger is full and my day book has run out.

All Kinds of Goods

formerly kept. I have now on hand, *for Cash Customers*, and them only. The above reward will be given to my creditors as soon as received on sales and accounts. Appleton, Dec. 25, 1861.

Letter "F"

Family Sewing Machine.

With All the Recent Improvements,

Is the best and cheapest and most beautiful of all Sewing Machines. This Machine will sew anything from the finest of cambric or Calicoes to the making up of an Overcoat—sewing from Pilot or Beaver Cloth down to the soft as Gauze or Summer Tissue, and is ever ready to do its work to perfection. It can fell, hem, tuck, gather, tuck, quilt, and has capacity for a great variety of ornamental work. This is not the only machine that can tell from the over, but it will do so better than any other machine. The letter "F" Family Sewing Machine may be had in a great variety of ornamental cases. The Folding Case which is now becoming so popular, is as its name implies, one that can be folded into a box or case, which, when opened, makes a beautiful, substantial, and spacious table for the work to rest upon.—The cases are of every conceivable design—plain as the wood grew it, native forest or as elaborately finished as art can make them. How the Bank of England was Broken Into.—The directors of the Bank of England had a terrible fright a few weeks ago, on account of the secret invasion of the bullion room of the bank. It appears that the directors received an anonymous letter, stating that the writer had the means of access to their bullion room. They treated the matter as hoax, and took no notice of the letter. Another more urgent and specific letter failed to arouse them. At length the writer offered to meet their in the bullion room at any hour they pleased to name. They then communicated with their correspondent through the channel he had indicated, appointing "some dark and midnight hour" for the rendezvous. A deputation from the board, lantern in hand, repaired to the bullion room, locked themselves in, and awaited the arrival of the mysterious correspondent. Punctual to the hour a noise was heard below. Some hands in the floor were with not much difficulty displaced, and in a few moments the Guy Fawkes of the Bank stood in the midst of the astonished directors. His story was very simple and straightforward. An old drain ran under the bullion room, the existence of which had become known to him, and by which he might have carried away immense sums. Inquiry was made. Nothing had been abstracted, and the directors rewarded the honesty and ingenuity of their anonymous correspondent—a working man, who had been employed in repairing the sewers—by a present of £800.

A Lecture on the Nature, Treatment and Radical cure of Spermatorrhœa or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally, Nervousness, Consumption, Dropsy and Fits; Mental and Physical incapacity, resulting from Self-abuse, &c.—By Robert J. Culverwell, M. D., author of the Green Book, &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self-abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.
